

# HEISTER HOUSE MILLWORKS

MOULDING & CUSTOM MILLWORK

*A Fine Tradition in Wood Since 1988.*

## FOCUS ON QUALITY

At Heister House Millworks the customer is the top priority. We may not be the highest volume millwork manufacturer in the market, but we're certain that you'll like our quality and short lead-times. To ensure you won't have any problems with our millwork, we utilize an in-line moisture meter to check the moisture content of every board. Because our milling is second to none, local builders and installers insist on Heister House brand moulding and millwork.

Heister House has been manufacturing wood mouldings and millwork for over 25 years. Selling directly to the builder/remodeler means our prices are very competitive. Quality products, short lead-times, competitive pricing and excellent customer service are the hallmarks of Heister House Millworks.

## INTERIOR MOULDINGS

*Casings ▪ Base Board ▪ Window Stock ▪ Door Stock ▪ Chair Rail ▪ Frieze ▪ Crown Moulding ▪ Wainscoting ▪ Panel Moulding ▪ Corners ▪ Blocks ▪ Brackets ▪ Corbels ▪ Stair Brackets ▪ Medallions ▪ Rims ▪ Mantels ▪ Rosettes ▪ Beams ▪ Trusses ▪ Columns ▪ Decorative Accessories ▪ And More*

## CUSTOM MILLWORK

*Flat or Curved Millwork ▪ Decorative Roof Trusses ▪ Ceiling Beams ▪ Wood Columns ▪  
Fireplace Mantel Surrounds ▪ Built In's ▪ Entertainment Centers ▪ Historic Renovations*

Our Specialty Shop is staffed by a team of master craftsmen who have the ability to conceptualize and create unique products to your design specifications. We utilize a computerized CNC router which gives us the unique ability to manufacture products with curves and radii.

While we build a lot of wood columns, beams, and trusses, we have the ability to make anything that can be constructed out of wood. Our custom millwork can be found in some of the finest homes on the East Coast.

For more information on our custom millwork and specialty shop, please visit our website or call 800-326-9873.

# DESIGNS THAT INSPIRE... EXCELLENCE THAT ENDURES

Heister House Millworks is a premier local manufacturer of high quality wood mouldings, millwork and hardwood flooring products. The company was founded in July of 1988 when owners, Brad Lauver and Lorne Nipple, decided to merge their independent woodworking businesses into one operation. In its infancy, the company supplied wood mouldings to many of the local manufactured housing companies in the Susquehanna Valley.

While manufactured housing is still a core market for Heister House today, the company also sells to local home builders and remodelers. Recently, Heister House has expanded it's reach to the larger markets of Baltimore, Washington DC and Philadelphia.

Heister House's main office, located in Mt. Pleasant Mills, PA, features one of the most unique and comprehensive millwork showrooms on the East Coast. Homeowners from far and wide have utilized our showroom for design ideas and inspiration in selecting their mouldings, doors, hardwood flooring and custom millwork. Each of our showroom vignettes feature their own architectural detail and woodworking and collectively offer hundreds of style, design and wood options.

*A Fine Tradition in Wood Since 1988.*
